Orbiter®

Use and adapt Orbiter according to your needs.

The ARRI Orbiter is a versatile, tunable, and directional LED fixture. Orbiter's six-color light engine ARRI Spectra delivers a wide color gamut and outstanding color rendition across all color temperatures, along with industry-leading, smooth dimming from 100% to 0%. With its changeable optics, Orbiter can transform into many different types of lamphead, including open face, fresnel, projection, soft light, and many more. Orbiter's state-of-the-art technology and multi-functional design optimize it for today's needs as well as for emerging requirements, with endless possibilities for updates, enhancements, and new configurations.
